

**Application for “Summer Sewer Credits”
City of Excelsior Springs, Missouri**

I hereby make formal application for the Sewer Rate Discount Program for 2024, as approved by the Excelsior Springs City Council. I understand and agree to the provisions as follows:

1. The base, or average sewer serviced charge, shall be based on the months of January, February and March 2024 billings (winter quarter average).
2. The rate discount shall apply only to the billings generated during the months of July, August, September and October of 2024.
3. During the months in 2) above, sewer consumption will be compared to the winter quarter average. If consumption is greater than average, the average consumption will be billed. If monthly consumption is less than the winter quarter average, actual consumption will be billed.
4. No credits will actually appear on your bill, only a reduced charge calculation as identified in 3) above.
5. This discount program does not apply to commercial businesses, industrial customers or apartments.
6. In order to be eligible for the summer sewer credit, **all taxes, utilities and fees must be current.**
7. Applications will be accepted at the finance office in the Hall of Waters through **June 7, 2024.**
